Why Infini Works

A trusted, industry-aligned program designed to build real capabilities—not just qualifications.

- Learn what companies actually expect
- Build job-ready skills through real projects
- Start contributing from day one
- Understand project workflows
- Gain Real Industry Exposure & clarity
- Move forward with clear career direction

How You Learn (Not Just Study)

Learn like a professional from day one.

- Practical, job-focused learning
- Hands-on software & tools training
- Real workflows, not classroom theory
- Mentored by industry experts
- Career-focused outcomes
- Confidence & professional growth

The Infini Philosophy - A Different Way to Build Careers

At Infini, we believe careers are built on intent, effort, and real outcomes—not just learning.

We don't believe in shortcuts or empty promises. We focus on practical skills, real-world readiness, and responsible professionals who can perform with confidence.

This philosophy drives everything we do—

how we train, how we mentor, and how we prepare you for real opportunities.

Certification in Construction Contract Management (CCM)

2.5 Months | Online | Job-Oriented | Real Project-Based Learning

About the Program

A practical, industry-focused online program designed to build expertise in contract administration, risk management, and claims handling in construction projects.

Learn to interpret contracts, manage execution challenges, and apply contractual provisions effectively through live sessions, case studies, and real project scenarios.

Is This Program Right for You?

- Struggling with contracts, claims, or project documentation?
- Want to move into contracts from execution, QS, billing, or planning?
- Handling contracts but lacking legal clarity and confidence?
- Looking to grow into Contracts / Commercial / PMO roles?

✓ Want practical contract management skills? This program is for you.

What You Learn

- Contract clauses interpretation (ICA, FIDIC)
- Contract documentation & legal fundamentals
- Risk allocation and contract administration
- Claims management and dispute handling

✓ Contract → Risk → Claims → Control

Key Outcomes

- Read and interpret contract clauses confidently
- Handle claims, variations, and EOTs practically
- Manage contract risks and documentation
- Apply FIDIC and real project contract scenarios

Ready for roles in Contracts
